CHECKLIST

Score your center before the next hire

Fifteen yes-or-no questions. About ten minutes. Best done with your front desk and billing leads.

Part 1. Where orders disappear

01	Do you know how many referring offices sent you orders this quarter compared with last?	Yes	No	Not sure
02	Can you see, today, which referring offices sent fewer orders than usual?	Yes	No	Not sure
03	Is the oldest unentered faxed order less than one business day old?	Yes	No	Not sure
04	When a faxed order is missing a detail, does someone know who is chasing it?	Yes	No	Not sure
05	Is every incoming order visible in one list, whatever channel it arrived by?	Yes	No	Not sure

Part 2. Where visits stall

06	Can a patient book an exam without calling you?	Yes	No	Not sure
07	Do you know how long a new order waits before the patient is contacted?	Yes	No	Not sure
08	Is coverage checked before the appointment is booked?	Yes	No	Not sure
09	Is every authorization request tracked in one place with a status?	Yes	No	Not sure
10	Do you know how many scheduled exams last month were rescheduled or cancelled?	Yes	No	Not sure

CHECKLIST

Part 3, and how to read it

Circle every “No” or “Not sure”. Those are the places to look.

Part 3. Where money slips

11	Does the patient see an estimate of what they owe before they arrive?	Yes	No	Not sure
12	Can you list the top three reasons claims were denied last quarter?	Yes	No	Not sure
13	Do your front-desk staff know which payer a patient has before the exam?	Yes	No	Not sure
14	Does the signed report reach the referring office without someone sending it?	Yes	No	Not sure
15	Can you follow any single order from referral to payment in under five minutes?	Yes	No	Not sure

How to read your answers

- **Mostly Part 1:** intake and referrals.
- **Mostly Part 2:** booking, authorizations, cancellations.
- **Mostly Part 3:** coverage, estimates, denials.

Pick one order from last week that touched those steps. Mark every place it waited on a person, a fax or a phone call.
