RADIOLOGIST OWNERS

Does the software touch the read?

No. Swipe for what it does do.

AlphaNodus

Swipe →

WHAT IT DOES NOT DO

It does not read the scan or write the report.

Your radiologists keep the clinical work.

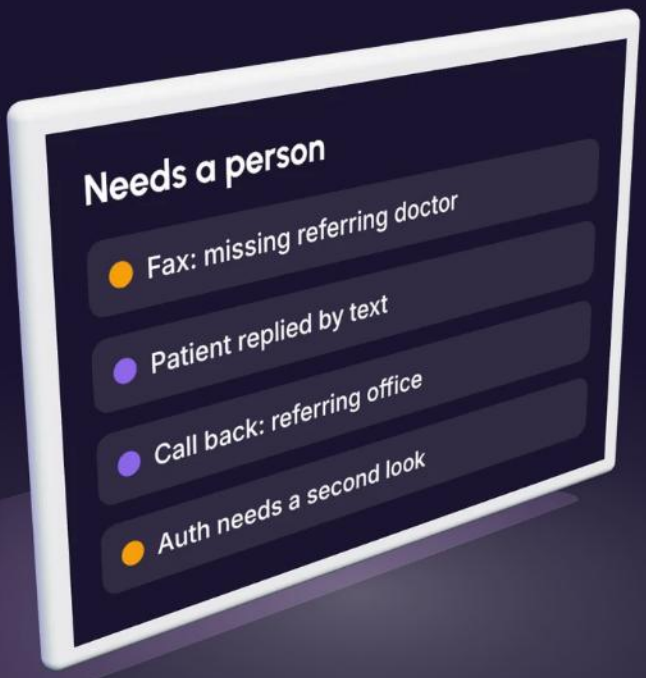

AlphaNodus

Swipe →

WHAT IT DOES

The work around the scan.

Orders, booking, coverage, payment, and returning the signed report.

AlphaNodus

Swipe →

YOUR CALL

You decide how much a person reviews.

Review every run, let it finish on its own, or turn it off.

AlphaNodus

Swipe →

WE MAKE SURE IT GETS BACK

Reports reach the referring office, and again if amended.

Every send is logged.
