CUSTOMER STORY

Iowa Radiology

Four clinics. Founded 2001.

~430
orders waiting on day one

Day 3–4
backlog gone

≥80%
of authorizations handled by Gravity

> "We are totally caught up. We have no backlog."
>
> Mendy Christensen, Iowa Radiology

What happened

After a system change, the prior authorization backlog grew to months. Two specialists handled all high-tech imaging authorizations. Gravity went live at the end of June 2025.

- About 430 orders were waiting on day one.
- The backlog was gone by day three or four, and fully caught up in about four weeks.
- No staff were added.
