FOR BILLING & RCM LEADS

REVENUE LEAKS

Why a typical large independent center keeps about $5 of every $100 it collects.

SWIPE →

AlphaNodus

Modeled by Alpha Nodus for a typical large independent imaging center. Not a customer result.

THE LEAK

About $26 of every $100 goes to getting the order, doing the exam and getting paid.

Missing authorizations and late coverage checks add denials and rework.

Modeled by Alpha Nodus for a typical large independent imaging center. Not a customer result.

THE FIX

Three modules, one order

Gravity Doc

Reads the fax first and drafts the order.

Gravity Estimate

Checks eligibility and texts the patient an estimate.

Gravity PriorAuth

Secures authorizations before the exam.

FOR BILLING & RCM LEADS

Stop letting revenue leak.
