AlphaNodus

ROLE GUIDE

Billing lead

Prior authorization and denials.

What to look at first

- Which authorizations are waiting, and for how long?
- Which denials trace back to something knowable at booking?
- Do you know the payer before the exam?
- Five checks at booking: payer, plan, authorization need, estimate, secondary coverage.

Trace one order with us. Free, 30 minutes.

AlphaNodus

ROLE GUIDE

Front desk lead

Fax intake and booking.

What to look at first

- How old is your oldest unentered order?
- Who chases missing details, and how?
- How many bookings need a phone call?
- Which exams could be booked by the patient?

Trace one order with us. Free, 30 minutes.

AlphaNodus

ROLE GUIDE

Owner

Where profit leaks.

What to look at first

- Which referring offices sent fewer orders?
- How long does an order wait before the patient is contacted?
- How much staff time goes to retyping?
- What changes if the next hire isn’t needed?

Trace one order with us. Free, 30 minutes.

AlphaNodus

ROLE GUIDE

Radiologist-owner

Referrers and reports.

What to look at first

- Does the signed report reach the referring office without someone sending it?
- Which referrers are quiet?
- What does automation do, and where does it stop?
- Can you see what it did on any order?

Trace one order with us. Free, 30 minutes.
